SUMMARY

Product Designer focused on UX, design systems, and component-based interfaces, with frontend experience to bring intuitive, interactive, and accessible digital experiences to life.

EDUCATION

NORTHEASTERN UNIVERSITY

Master's in Computer Science, 2022–2026

UNIVERSITY OF SOUTHERN MAINE

Bachelor's in Finance, 2017–2019

EXPERIENCE

NAVIMENTAL

Sept 2024 – June 2025

Product Designer (Freelance) - Portland, ME

- Led early-stage product prototyping, defining reusable UI components and design patterns to improve consistency and scalability across features.
- Designed and implemented a journal dashboard feature with data visualizations (charts, dials), simplifying complex data into clear, actionable user insights.
- Built a resource discovery system using search, tag-based navigation, and bookmarking, enabling flexible content exploration and improving information accessibility.

TYLER TECHNOLOGIES

Jan – April 2025

Software Developer (Co-Op) - Yarmouth, ME

- Contributed to debugging and feature enhancements in a production cloud application, ensuring stable releases.
- Improved application usability by refining form validation and navigation logic, reducing friction in user workflows.

THE VIA AGENCY

May – Aug 2024

Creative Technology Intern - Portland, ME

- Designed and developed an AI-powered chatbot to support product discovery and enhance brand engagement.
- Built a reusable, interactive carousel component to improve content visibility and storytelling on the company website.
- Created digital assets for a regional campaign, contributing to increased brand visibility and engagement.
