SUMMARY

I'm a Product Designer bridging UX design and frontend development to create intuitive, accessible, and interactive digital experiences.

EDUCATION

NORTHEASTERN UNIVERSITY

Master's in Computer Science, Expected 2026

UNIVERSITY OF SOUTHERN MAINE

Bachelor's in Finance, Graduated 2019

EXPERIENCE

NAVIMENTAL

Sept 2024 – June 2025

Product Designer (Freelance) - Portland, ME

- Led early-stage product prototyping, translating ambiguous requirements into testable UI and interactive web features.
- Designed a data visualization dashboard for a journal feature, refining visual clarity and surfacing user insights.
- Built a scalable resource discovery system with search, tag-based navigation, and bookmarking to improve article discoverability.

TYLER TECHNOLOGIES

Jan – April 2025

Software Developer (Co-Op) - Yarmouth, ME

- Contributed to feature enhancements in a production Agile environment, supporting debugging and multi-stream deployments for a cloud-based enterprise application.
- Improved application usability by refining form validation rules and HUB navigation redirect logic, reducing friction in core user workflows.

THE VIA AGENCY

May – Aug 2024

Creative Technology Intern - Portland, ME

- Designed and developed an AI-powered chatbot to support product discovery and brand engagement.
- Built a reusable and interactive carousel web component to enhance visual storytelling on the company website.
- Created digital assets for a regional campaign, supporting brand visibility and boosting engagement.
