SUMMARY

Product Designer focused on UX, design systems, and component-based interfaces, with frontend development experience building intuitive and accessible digital products.

EDUCATION

NORTHEASTERN UNIVERSITY

Master's in Computer Science, 2022–2026

UNIVERSITY OF SOUTHERN MAINE

Bachelor's in Finance, 2017–2019

EXPERIENCE

Product Designer (Freelance)

Sept 2024 – June 2025

Navimental - Portland, ME

- Led early-stage prototyping in collaboration with 2 co-founders, defining reusable UI components and scalable design patterns to improve feature consistency across the product.
- Designed and implemented a journal dashboard feature with data visualizations (charts, gauges) that translated complex information into clear, actionable user insights.
- Built a resource discovery system using search, tag-based navigation, and bookmarking to improve content accessibility and exploration.

Software Developer (Co-Op)

Jan – April 2025

Tyler Technologies - Yarmouth, ME

- Resolved a critical redirect issue in the HUB portal, optimizing navigation and reducing user workflow friction.
- Improved application usability by refining form validation, enhancing platform reliability across 7 production releases.

Creative Technology Intern

May – Aug 2024

The VIA Agency - Portland, ME

- Pitched and developed an AI-powered chatbot to support product discovery and strengthen user engagement.
- Built a reusable interactive carousel component to improve content visibility and storytelling across web experiences.
- Created digital assets for a \$25K regional marketing campaign, increasing brand visibility and audience reach.
